About organizer

I have been in the affiliate market for over 14 years, traversing the path from a regular arbitrageur to the owner of an international company. Since 2014, I have organized traffic arbitrage events, successfully hosting more than 15 gatherings, and have a precise understanding of creating an amazing atmosphere. Our AfterParty became the largest Affiliate party in the world, attracting over 4000 people in 2021. Watch the video below.

Currently, I have transitioned into building a larger business and have permanently stepped away from organizing large-scale events. Now, I am seeking arbitrageurs for my projects, which is why I decided to bring everyone together again, but this time at the free Side Event AWA. You know that my team and I always know how to create remarkable events and bring people together, and this time will be no exception. We look forward to seeing all of you.

We are hosting an event the day after the AFFILIATE WORLD ASIA conference.

Our goal is to bring together arbitrageurs from around the world to relax, enjoy cocktails, savor delicious food, and discuss various traffic sources in a private and upscale atmosphere. For this purpose, we have reserved a restaurant and rooftop bar (2 floors) near the conference venue with the best view of Bangkok.
